Secret Story of a Seminary Graduate

Creator and Instructor of the *Covenant Heritage Series*.

I developed the *Covenant Heritage Series* over 30 years after graduating from Denver Seminary. It took me that long to finally figure out what the Bible is all about. After three years of graduate work and over three decades of ministry I finally understood why the Bible is the most misunderstood book in the world. Here's my story.

From Seminary to the Mission Field

After I graduated from Denver Seminary with a master's degree, my wife and I began our ministry experience as part of a support system for missionaries in Southeast Asia. We served the children of those missionaries at a school in the Philippines called Faith Academy. Actually, my wife was a former high school student there because her American parents were missionaries in the Philippines.

Our six-year experience there gave me the opportunity to see missionary work first-hand as we interacted with hundreds of missionaries from all over Southeast Asia.

In 1986 we returned to the States and I served in three churches as pastor or associate pastor until about 2011.

My Awakening

Of course, I was familiar with and taught what most people commonly believe regarding what the Bible is about and who it is for. But after 30 plus years of reading, studying and teaching the Bible, I began to discover that I was not correct in many areas. I still believed and maintained some of the historic truths I could defend from the Bible, but **there were some critical areas** I could no longer defend. When I started to piece together the Bible in a new way, I finally began to grasp **the whole picture**. It was really revolutionary for me.

In Seminary, Nobody Admitted the Truth of the Matter

Honestly, even from seminary days, I can't say I really understood the Bible as a whole. And I don't think my colleagues, and even perhaps my seminary professors, did either. Everything seemed to be taught as isolated parts. We had Old Testament classes and New Testament classes. We had separate theology courses studying isolated doctrines such as what the Bible teaches about Jesus Christ, or salvation, or the church. There were many things we learned, but **no one seemed to be able to put it all together** from the beginning of the Bible to the end. It wasn't even considered.

For many years, I believed I was doing my very best to teach the Bible accurately. It was a priority. But in the back of my mind, I had questions I could not answer. **Something was missing.** It wasn't just many little things, it was an overall understanding – a bigger picture that was missing.

My Personal Journey

It all began about 20 years ago when someone posed a question to me – a Bible question. I answered it, but it was the wrong answer because it did not match what the Bible actually said.

It wasn't a trick question, but a really basic one! I should have known the answer.

I was appalled at myself. After all those years of schooling and study and I could not answer a basic Bible question. It was a humbling experience for me, as you can imagine. Embarrassing.

The Question

I'll bet you are wondering just what the question was. Okay, here it is:

According to the Bible, with whom did God make the New Covenant?

Should be easy to answer – right? It's a really basic question because the New Covenant (Testament) makes up a very important part of the Bible.

Do you know the answer? Without looking at the Bible? Do you know where the answer is found in the Bible? If you don't, don't feel stupid, because I have personally asked many pastors that same question that I was asked. And to this day, not one has given me the correct answer. If **they** don't know the answer, why should anyone else?

My Mission

Well, that question started the wheels turning in my head. Because the answer to that question made me ask even more questions about how that New Covenant fit into the rest of the Bible.

I had to find out answers to more questions. I was on a new mission.

So, I decided to start all over again – from the beginning. And believe it or not, I started with the Table of Contents of the Bible! That was over 20 years ago.

Covenant Heritage Series

As a result of my study and research, I created a step-by-step systematic study of the entire Bible so others could easily know and understand the Bible for themselves. I call it the *Covenant Heritage Series*. It simply clears up the most misunderstood book on the planet. More about the *Covenant Heritage Series* in a minute.

Clears What Up?

Let me tell you exactly what is so misunderstood, even by those pastors and teachers of the Bible who are, like I was, well-intentioned and sincere.

- ✓ **First, the covenants of the Bible have been misapplied.**
- ✓ **Second, the primary men and women of the Bible have been misidentified.**
- ✓ **Third, many of the common words, like “Jew,” “Gentile,” “man” and “world” have been misconstrued.**
- ✓ **Fourth, critical historical, biblical events have been just plain missing.**

Rediscovered Keys Supplied

The *Covenant Heritage Series* gives you honest, straight-forward answers, based on the evidence of the Bible that will clear up the misunderstanding. No trickery, no forced conclusions, nothing hidden.

The *Covenant Heritage Series* will give you the knowledge and understanding of

- ✓ Key family **covenant connections** showing a consistent unity of the Bible.
- ✓ Key **word definitions** that will help explain more accurately what the Bible says.
- ✓ Key **historical events** that will completely change how you understand the whole Bible.
- ✓ And key easy-to-learn **principles of interpretation** that you will apply time and time again, so you can discover the Bible for yourself.

The Secret that Unlocks the Mystery of the Bible

I have now put together the *Covenant Heritage Series* so that I can share with others what I have learned and more importantly, **how** I learned it. I don't know of another more comprehensive Bible training course that offers such a unique and revolutionary approach like this.

The **secret** that I found, which I share with you, is **exactly how** to approach the Bible in order to unlock its mystery.

When I look back now to what I believed or **assumed to be true** with what I now know, I realize that I completely misidentified who the key people of the Bible were and to whom the major covenants of the Bible belong. As a result, I was mistaken and misled many. And so I can say without any malice that just as I misled others, so almost all the religious leaders and churches today are misleading many. I think most, like me, don't realize they are misleading others. Yet, the consequences are really devastating. More on that later.

Is Something Missing?

Do you also feel like sometimes the Bible is disjointed – that something is missing in order to connect all the parts together? Sometimes some of it makes sense, but then you run into certain verses or passages in the Bible that seem to be contradictory or just don't fit.

Do you ever wonder why there are so many churches with different and conflicting beliefs?

And, by the way, have you been puzzled as to why our nation and the rest of western civilization is going from bad to worse in almost every area of life – morality, economics, peace and security ... and yet we have thousands of churches, an abundance of Christian Bibles and literature, TV and radio programs, Bible schools and seminaries. We are experiencing a freefall in every area of historic Christian civilization and it doesn't look like it's going to stop anytime soon.

Something is wrong!

The *Covenant Heritage Series* will help you make sense of the Bible and give a foundation to help you understand why the Bible is so misunderstood and why we have almost **completely missed its message and counsel for our times**. And best of all, you can prove it to yourself because you will be trained **how** to read and study it.

The *Covenant Heritage Series* will help you put the pieces of the Bible together so you can see the complete picture of God's intention and plan to transform your life, your family, the local church, your community, and your nation.

Here is What Others Have Said about the *Covenant Heritage Series*:

"We are living in a time of great apostasy. We are living in a time of great disbelief. It is a world that is full of deceit and deception. For all of my life I have been on a journey to find the church that was teaching the truth. What a journey it has been. There are so many different kinds of churches that call themselves Christians; but that they all are can't be right..."

"The *Covenant Heritage Series* is a series that will identify what the Bible is actually saying. Dr. Blanchard takes the time to look at enough of the verses on his topics to enable the student to reach his own conclusion. The reader is forced to come to one of two conclusions:

1. This is what the Bible says, and I believe it.
2. This is what the Bible says, and I don't or won't believe it.

"The Bible tells us to beware of the wolves that will come into the sheep fold. How do you tell? This is the importance of Dr. Blanchard's books: They explain very clearly what the Bible teaches. It is more than John 3:16 or Acts 2:4, for it is the story of the covenant that God made with a man, his son, and his grandson and his seed. Who is that seed is the question that the Bible supplies with the correct answer. And the answer will make your kinsman redemption and the history of your people finally make sense!

"I trust that all interested readers will take the time to read these books and learn what the Bible is actually teaching us. Needless to say, I believe you have written a standard for all the Christian churches. This is what they must believe." – Pastor Don Elmore, KY

"You have questions, this book has answers. What is often lacking among Christians is 'critical Biblical thinking.' In other words, we are to be Bereans of the Word. Properly applied and understood, the Word of God comes alive with meaning and purpose. Dr. Blanchard's book *Discover the Story of Your Biblical Heritage: Laying the Foundation* will help fuse the Word of God to your soul and awaken truth concerning God's Covenants and Promises in ways that many would not believe possible. Read, enjoy, be blessed and absorb TRUTH." – Pastor Dave Barley, ID

I just finished Book II (*Identifying Biblical Israel*). To say that I have learned from this book would be an understatement. I would like to thank your diligence on your research. I know the Holy Spirit has helped guide you. I could write an entire dissertation on the teachings of this book. I now have the knowledge due to this book to look at the Bible and align my family crest

as well as the crest of many nations to Biblical Israel. Brother Blanchard gives the reader a wealth of sources they can dissect the migrations of Israel with. This book also gives the reader the blessings and structure the 12 tribes were given by Yahweh. Book I and Book II are an essential tool for showing the truth to new believers and are relevant to Bible scholars who have studied Biblical Israel for years. So far this series is the most educational I have studied. It is full of nuggets. – Lonnie Underwood, KY

“Everything you always wanted to know about Abraham and the Abrahamic Covenant (and more!) is detailed with precise commentary in Book Three [*The Foundation & Fulfillment of the Old & New Covenant Scriptures*]. This book not only gives us our pragmatic and divine destiny, but also the hope and blessed assurance through times of trials and tribulations. At this point in the *Covenant Heritage Series*, the scales begin to fall from the reader’s eyes and the blindness is lifted for those with eyes to see.” – Pastor Mark Downey, KY

“Book Four of the series, *God’s Covenant Creation*, inarguably sets up deal-breakers for the mainstream reader. Do all peoples come from Adam? Is the Covenant between him and the Hebrew God, Yahweh, necessarily extended to all peoples as “one blood”? Was Noah’s Flood really global? Does the Genesis account of Creation really concern the building of the literal, physical universe?

“Lamentably, Judeo-Christianity has revealed no truly powerful insight or innovation – in spite of their self-proclaimed authority – for decades. However, if the reader doesn’t see the proverbial train coming halfway through *God’s Covenant Creation*, they’re not paying attention!

“I encourage the reader to begin with the first book in the series, *Discover the Story of Your Biblical Heritage: Laying the Foundation*. Truly, if you seek understanding, these can be the most powerful books you will encounter in your Christian walk.” – Brad in Indiana (TheKingdomNow.org)

- ✓ Have a prideful attitude toward pet doctrines and dogmas and are unwilling to determine whether or not they are true;
- ✓ Are not teachable or trainable;
- ✓ Are argumentative; and
- ✓ Have concluded that there is nothing that can be done to correct the moral freefall and political corruption in our nation.

Who the *Covenant Heritage Series* IS for:

But It's More Than Personal

I love how the *Covenant Heritage Series* can help other people personally. But it's more than that.

Most of the major issues that we face today are the direct or indirect result of the failure to understand what the Bible actually says, such as:

- ✓ Unending and unnecessary military conflicts causing suffering, death and destruction
- ✓ Street violence
- ✓ Racial strife
- ✓ Economic problems: recessions, depressions, inflation, unemployment
- ✓ Moral failure and depravity undermining the integrity of the family

The ***Covenant Heritage Series*** and the knowledge and understanding about what the Bible says **reveals the real underlying causes** of all these seemingly insurmountable problems we face today.

I also believe that **the *Covenant Heritage Series* may help reunite marriages and families with a common purpose.**

And honestly, if the churches currently have all the correct knowledge regarding what the Bible is about and who it is written for, **why are historic Christian nations like America and many other European countries in a dangerous decline?** Why are there **so many different churches** and denominations **with opposing doctrines?** Something isn't right. Something isn't working. We must ask, "Is something missing?"

Yes, we must take another look at the Bible. I believe **the *Covenant Heritage Series* will help begin to redefine biblical Christianity and the church – to “contend earnestly for the faith which was once handed down to the saints” (Jude 3).**
